

FOR IMMEDIATE RELEASE

Keystone announces partnership with Yellow Bus Nation

NORTHUMBERLAND, Pa. (October 5, 2016) – Keystone Insurers Group (Keystone) is pleased to announce they have entered into a partnership with Yellow Bus Nation, LLC (YBN) to provide YBN members across the nation access to industry specific insurance coverages and services.

According to Brian Brusoski, senior vice president, property and casualty, "Keystone prides itself on bringing the best insurance markets and solutions to school bus operators to provide protection for their fleet, drivers, assets, and the students they transport. We are looking forward to being a valuable resource for the Yellow Bus Nation members and a commitment to keep children safe together."

Keystone provides insurance protection for more than 210 contractors and 20,000 buses and has been committed to providing expert solutions to the school transportation industry for more than 20 years. Keystone's team of independent agents will provide service, present coverage options and help contractors make the right choices to meet the contractors specific needs.

About Keystone – Keystone started in 1983 when four independent insurance agencies teamed up to pool their experience and expertise. Determined and scrappy in the face of a difficult market, this small group believed that agencies could be stronger and more successful if they linked arms. Today, that passion and spirit that started Keystone continues. Growing to almost 300 independent agency partners, Keystone provides its agents with a community of like-minded agencies, industry expertise, and access to specialized products for their clients. Keystone is ranked number two on *Insurance Journal's* 2016 list of Top 20 Privately-Held Property/Casualty Agency Partnerships. For more information, go to www.keystoneinsgrp.com.

About Yellow Bus Nation: Yellow Bus Nation (YBN) was launched in early 2016 to provide a dedicated service platform for the student transportation market. YBN is a member based organization that currently serves school districts and private contractors in 26 states, with the anticipation of growing membership to all fifty states in less than twelve months. Through YBN, member organizations gain access to a select group of supplier partners specializing in the areas of vehicle parts and components, insurance services, fueling strategies, recruiting and retention programs, consulting services and technology implementations. With approximately 500,000 vehicles in operation across the United States supporting more than 14,000 school districts,

YBN's mission is to provide a forum and community of best practices in conjunction with the strong culture that exists within the student transportation ecosystem. For more information, please email info@yellowbusnation.com or visit our website at www.yellowbusnation.com.
